

# Results

## Overview

This file historically tracks specific data on child/youth goal codes or outcomes.

## Uniform Data Entry Procedure

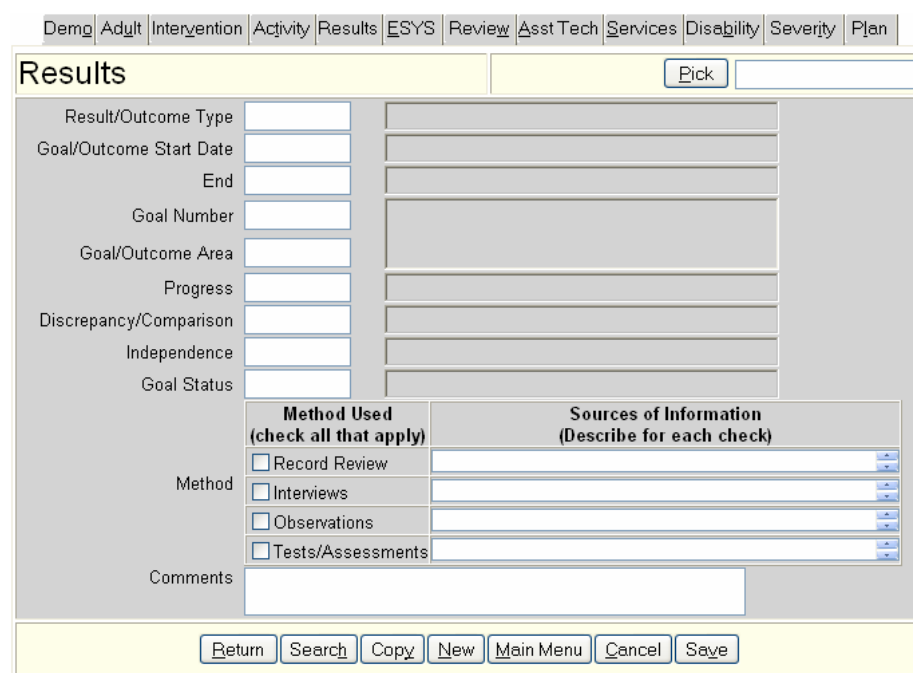

At this time, the following Uniform Data Entry Procedures relate to the Results screen:

- IFSP and IEP Goal Codes
- Early Childhood Outcomes

If an AEA believes there is a reason to diverge from a Uniform Data Entry Procedure, please contact the DE before initiating any changes.

## Access to Screen

From the Main Menu, select Results under the Child section or select the Results tab from any other screen.

## Add New Goal Code for IEPs

For children/youth ages 6 – 21 with an IEP:

1. Access the Child Demographic screen.
2. Click on the Results button.  
The Result Type, the Start and End Date will default, based on the setting on the Preferences screen.
3. Enter the Result Type, if different from Default.
4. Enter the Start Date of the goal, if different from Default.
5. Enter the End Date of the goal, if different from Default.
6. Enter the Goal Number. (optional)
7. Enter the Goal/Outcome Area.

- 
8. Enter any comments.
  9. Click on Return to go back to the Child Demographic screen or click on New to add another Goal Code.
- 

---

**Add New IFSP Goal Codes**

For children with an IFSP, please refer to the Uniform Data Entry Procedure above.

---

**Add a Early Childhood Outcomes**

For children with Early Childhood Outcomes for IFSP and IEP, please refer to the Uniform Data Entry Procedure above.

---
