

Severity

Overview

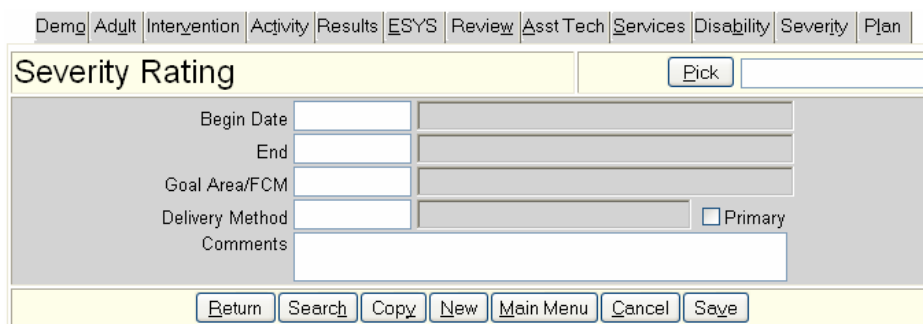

This file (AESVF) records historical information regarding the severity of child/youth's disability. This module is used primarily by Speech Language Pathologists.

Uniform Data Entry Procedure

At this time, there are no Uniform Data Entry Procedures related to Severity.

Access to Screen

From the Main Menu, select Severity under the Child section or select the Severity tab from any other screen.

The screenshot shows a software interface with a menu bar at the top containing: Demog, Adult, Intervention, Activity, Results, ESYS, Review, Asst Tech, Services, Disability, Severity, Plan. Below the menu is a form titled "Severity Rating". The form has a "Pick" button next to a dropdown menu. The form fields are: Begin Date (text box), End (text box), Goal Area/FCM (text box with a "Pick" button), Delivery Method (text box with a "Primary" checkbox), and Comments (text area). At the bottom of the form are buttons: Return, Search, Copy, New, Main Menu, Cancel, Save.

Add a New Severity

1. Access the Child Demographic screen and click on Severity.
2. Click on the New button.
3. Enter the Begin Date, the End Date and Goal Area/FCM.
4. Enter the Delivery Method.
5. To add additional ratings in other areas, use the Copy or New buttons.

Note: The Begin Date is the "Duration from" date on the IEP. The End Date is the "Duration to" date on the IEP.
